STATE OF NORTH CAROLINA, DEPARTMENT OF ADMINISTRATION		
DIVISION OF PURCHASE AND CONTRACT		
116 West Jones Street, Raleigh, NC 27603-8002		
<b>Term Contract</b>	<b>060A</b>	<b>Automotive, Industrial Parts and Supplies</b>
<b>Effective Dates</b>	April 1, 2008 through February 29, 2012	
<b>Bid number</b>	701238	
<b>Phone</b>	(919) 807-4516

<b>Last Updated</b>	January 31, 2012	

### General Information

This contract utilizes the "price list less discount" concept that allows for obtaining various product quality levels (economy, premium, etc.) for some items.

**Note:** All purchase orders issued against this contract certification should show a complete shipping address and mailing address.

Agencies are authorized to place "emergency" or "small" volume orders, where local delivery is essential and where inventory stocks are impractical with the nearest source of supply even though such supplier may not be an authorized contract vendor. This departure from contract purchasing is designed to prevent extended delays in "equipment down time", where such delays result in higher costs than the additional expense of the items involved. This departure from contract purchasing is not intended to be utilized to replace inventories or for normal conditions where a delay will not result in additional costs.

When exercising this authorization, agencies are instructed to obtain, whenever possible, the customary discounts extended to fleet customers by the local supplier. All discounts are based on the published price lists shown on the contract. If changes in price lists occur, and are accepted by this Division, an addendum to this contract will be issued. It is the responsibility of the using agency to obtain current price lists and catalogs from the contractors.

### Scope of Contract

The scope of this contract is limited to automotive, industrial parts and supplies.

#### **Vendor Complaint Form:**

Vendor complaint form may be located at <http://www.ncpandc.gov/Documents/vendcom.doc>

**Taxes**

Tax exemption proof must be furnished with orders to avoid payment of Federal Excise Tax. Prices or discounts shown herein do not include any North Carolina Sales or Use Taxes.

**Abnormal Quantities**

Any agency requirement that exceeds \$50,000.00 must be forwarded to the Division of Purchase and Contract for processing. The Division, at its sole discretion, may process any such requirement in one of the following ways:

1. Purchase may be authorized at the current level of pricing with the current contract vendor(s)
2. Additional discounts from the current level of pricing may be negotiated with the current contract vendor(s)
3. A separate Invitation for Bids may be issued for the requirement

**Minimum Orders**

This contract is for a minimum order of \$150.00 for any single order. Agencies are authorized to purchase from best available sources on orders less than this minimum order value. This provision shall not be used by an agency to circumvent the intent of the contract. If an agency elects to place an order for less than the minimum order value, then transportation charges will be prepaid and added to the invoice.

**Placement of Orders**

Orders will be placed throughout the contract period on an as-needed basis for the quantity required at the time, and will be issued directly to the respective contractor(s) or their designated suppliers.

Contract changes, if any, over the life of the contract are implemented by contract addenda released by the Contract Administrator to the contractor. If the contractor is accepting orders and/or delivering through other parties, for example a manufacturer accepting orders and delivering through a dealer network or dealers receiving orders through a network of other dealers, then it is the responsibility of the contractor to apprise such parties of all such contract addenda.

**Delivery**

In the event the delivery is not received within the contract delivery period, the contractor may be held in default in accordance with paragraph 1, DEFAULT AND PERFORMANCE BOND in the North Carolina General Contract Terms and Conditions, and the state may procure the articles or services from other sources and hold the contractor responsible for excess cost occasioned thereby.

**Transportation Charges**

All goods shall be delivered FOB DESTINATION when the "order value" is \$150.00 or more, when shipped to a single destination. Orders to a single destination that total less than this "order value" should be shipped prepaid, with transportation charges added to the invoice as a separate item. If the contractor makes partial shipments of an order equal to or more than this "order value" to one destination, all shipments of the order shall be sent FOB DESTINATION with NO additional transportation charges added. All shipments should be inspected for damage immediately upon receipt.

**Item Pricing Information: Note: The descriptions for each line item number are general in nature. The contractor(s) awarded for that line item number will provide their entire related parts within that line item number at the discount noted. Contact the contractor for a complete listing and price list.**

**Price Lists and Catalogs**

The successful contractor must furnish descriptive literature to any agency within seven (7) consecutive days after request of the agency. Failure to comply with these requirements may subject the contractor to removal from the contract.

**Contractors:**

**LISTED BELOW THE CONTRACTOR SECTION IS ORDERING INFORMATION FOR EACH CONTRACTOR- SEE LAST PAGE FOR EPROCUREMENT ORDERING INSTRUCTIONS.**

All known minority, women and disabled owned businesses, as well as disabled business enterprises and nonprofit work centers for the blind and severely disabled, including dealers, will be identified with "Minority owned" "Woman owned", "Disabled Owned", "DBE" or "BSD" as appropriate after the vendor number. This is being done in an effort to recognize these businesses and to encourage and promote their use to the greatest extent permitted by law.

When more than one supplier is listed for a particular item, selection should be made, whenever possible, from any of the groups identified above, consistent with agency needs and price considerations.
