

## Term Contract No. 360A

STATE OF NORTH CAROLINA, DEPARTMENT OF ADMINISTRATION		
DIVISION OF PURCHASE AND CONTRACT		
116 West Jones Street, Raleigh, NC 27603-8002		
<b>Term Contract</b>	<b>360A</b>	<b>Carpet, Tufted, Nylon</b>
<b>Effective Dates</b>	May 22, 2009 through June 30, 2012	
<b>Bid Number</b>	801948	
<b>Administrator</b>	Mike Brendle	
<b>Phone</b>	(919) 807-4516	
<b>Fax</b>	(919) 807-4510	
<b>E-Mail</b>	Tmike.brendle@doa.nc.gov	
<b>Last Updated</b>	December 8, 2011	

### 1. General Information

This contract is intended to cover the State's normal requirements of Carpet, Tufted, Nylon. This contract includes carpet, installation, cove molding, removal and disposal of carpet and other additives that may be needed for carpet.

**Purchaser should determine which type of carpet is most appropriate for the area to be carpeted. Purchaser may call Contractors Representative for assistance. Carpet Representative should make a site visit and complete a Quotation Form before any Order is placed with a contractor. (See Section 12. Instructions to Ordering Agency, for additional information.)**

All carpet offered should be in compliance with the North Carolina Specifications (latest revision). These specifications reside at our web site: <http://www.ncpandc.gov/splist.asp>

### 2. Scope of Contract

The scope of this contract is limited to Carpet, Tufted, Nylon. This contract is to include furnishing all labor, equipment, materials, and perform all operations necessary to install carpet in designated areas in accordance with the conditions and specifications included in the Invitation for Bids. **This contract is for use by all state agencies, departments, institutions, universities, community colleges (except those exempted by statute), and certain non-state agencies.**

#### **NON-STATE AGENCIES ELIGIBLE TO PARTICIPATE IN THIS CONTRACT**

In accordance with North Carolina General Statutes, certain non-state entities described below, may participate in this contract on a voluntary basis. Any of the non-state entities that choose to participate in this contract must abide by the terms and conditions that are set forth in this contract.

Nonprofit corporations operating charitable hospitals, local nonprofit community sheltered workshops or centers that meet standards established by the Division of Vocational Rehabilitation of the Department of Health and Human Services, private nonprofit agencies licensed or approved by the Department of Health and Human Services as child placing agencies, residential child-care facilities, private nonprofit rural, community, and migrant health centers designated by the Office of Rural Health and Resource Development, private higher education institutions, counties, public school units, cities, towns, governmental entities, volunteer fire departments, rescue squads, and other subdivisions of the State and public agencies thereof.

### 3. Taxes

Prices or Discounts shown herein do not include any North Carolina sales or use taxes.

### 4. Abnormal Quantities

Any agency requirement that exceeds \$100,000.00 must be forwarded to the Division of Purchase and Contract for processing. The Division, at its sole discretion, may process any such requirement in one of the following ways:

1. Purchase may be authorized at the current level of pricing with the current contract vendor(s)
2. Additional discounts from the current level of pricing may be negotiated with the current contract vendor(s)
3. A separate Invitation for Bids may be issued for the requirement

**Term Contract No. 360A**

**5. Minimum Orders**

This contract will be for a minimum order of \$2,500.00 for any single order. Agencies are authorized to purchase from best available sources on orders less than this minimum order value. This provision shall not be used by an agency to circumvent the intent of the contract. If an agency elects to place an order for less than the minimum order value, and the contractor elects to accept such order, then transportation charges will be prepaid and added to the invoice.

**6. Placement of Orders**

Orders will be placed throughout the contract period on an as-needed basis for the quantity required at the time, and will be issued directly to the respective contractor(s). Contract changes, if any, over the life of the contract are implemented by contract addenda released by the Contract Administrator to the contractor.

**7. Delivery**

**The contractors will complete deliveries within the following schedule:**

<b>Contractors</b>	<b>Delivery</b>
Terry's Floor Fashions, Inc.	30 Days
Bonitz Flooring Group, Inc.	30 Days
Bigelow Commercial	45 Days
Tandus US LLC	45 Days
Karastan Contract	45 Days
Interface Americas, Inc. dba InterfaceFLOR, LLC	30-45 Days
Lees Carpets	45 Days
Mannington Commercial	30 Days
Milliken Design	30 Days
Shaw Industries, Inc. dba The New Patcraft and Designweave	45 Days
Shaw Industries, Inc. dba Philadelphia Commercial Carpets	35 Days
Shaw Industries, Inc. dba Shaw Contract Group	35 Days

In the event the delivery is not received within the contract delivery period, the contractor may be held in default in accordance with paragraph 1, DEFAULT AND PERFORMANCE BOND in the North Carolina General Contract Terms and Conditions, and the state may procure the articles or services from other sources and hold the contractor responsible for excess cost occasioned thereby.

## 9. Transportation Charges

All goods shall be delivered FOB DESTINATION when the "order value" is \$2,500.00 or more, when shipped to a single destination. Orders to a single destination that total less than this "order value" should be shipped prepaid, with transportation charges added to the invoice as a separate item. Transportation charges invoiced for orders equal to or more than this "order value" may be cause for removal of the contractor from the contract.

NOTE: If the contractor makes partial shipments of an order equal to or more than this "order value" to one destination, all shipments of the order shall be sent FOB DESTINATION with NO additional transportation charges added.

## 10. Warranty

Carpet shall be warranted for a period of fifteen (15) years, non-prorated, after date of acceptance of the installed job against excessive surface wear, edge ravel, zippering, delamination, shrinking, stretching, static electricity, and defects in material and workmanship. Excessive surface wear is defined as a reduction of pile weight, due to wear, of more than 10%. The carpet will maintain dry tuft bind. Chair pads are recommended but not required on all products except cut pile carpets. Cut pile carpets may require the use of chair pads; see manufacturer warranty information. Modular tile will remain dimensionally stable and not cup, dome, or dish under normal use. Carpet (including backing system and attached or separate cushion) which is defective in material and workmanship, or which shows edge ravel, zippering, delamination, or excessive surface wear during this warranty, period shall be repaired or replaced (and reinstalled) at no charge to the owner or his representative. Installation, when such is the responsibility of the contractor, shall be warranted against defects for a period of two (2) years after date of acceptance. Installation defects appearing within this period are to be corrected by the contractor, in a manner acceptable to the owner, at no charge to the owner or his representative. Any portion of manufacturer's standard warranty that exceeds the above warranty requirements shall be in effect on the contract, unless the State or owner (using agency) elects otherwise.

## 11. Pile Weight Testing

It will be a requirement during the term of this contract that all carpet installations in excess of \$10,000.00 to be tested to verify pile weight. This testing is to be done in the manner prescribed below prior to release of invoice and at the expense of the contractor.

A sampling of the carpet to be installed is to be provided by the contractor at the State's sole option or picked up on site by a Quality Assurance Inspector from this Division. The sample is to be 18" x the full width of the roll goods or in the case of carpet tiles, three (3) squares are required, in accordance with the requirements of ASTM Method D418.

It will be the responsibility of the carpet contractor to notify the quality assurance section by Fax (919) 807-4511 or letter no later than 8:00 AM on the Monday morning preceding the week of installation. Upon notification, carpet will be scheduled for pick up by a Quality Assurance Inspector or directions will be given for mailing to the following address:

NC Department of Administration Telephone Number: 919-807-4500  
Division of Purchase and Contract Fax: 919-807-4511  
Quality Assurance Section  
1305 Mail Service Center  
Raleigh, NC 27699-1305

The sample will be forwarded by the Division of Purchase and Contract to the currently approved testing facility (Commercial Testing Company, P. O. Box 985, Dalton, GA 30722-0985, telephone (706) 278-3935, Lab Mgr.,).

The cost of this test is to be the responsibility of the contractor. Once the positive test results have been received, the contractor and using agency will be notified in writing. If the test results indicate that the carpet pile weight is less than the specified tolerance level of 6%, the contractor will be responsible for crediting the agency, at the agency's discretion. This credit will be in the amount of the percentage difference from the specified carpet pile weight and the pile weight as determined by the test results. If the discrepancy does not meet the agency's approval, it will be the contractor's responsibility to replace with product meeting weight requirements, at no additional cost to the State. The original mill warranty will apply in either case.

## 12. Quality Assurance Inspection

Upon completion of the project, as called for hereon, the contractor must request a Quality Assurance Inspection for installations exceeding \$2,500.00. Such requests must be forwarded (in writing) by mail to the Division of Purchase and Contract. Attn: Quality Assurance Section, 1305 Mail Service Center, Raleigh, NC 27699-1305. Fax #(919) 807-4510.  
**INVOICES WILL NOT BE PAID BY THE USING AGENCY UNTIL QUALITY ASSURANCE ACCEPTANCE HAS BEEN**

**ACCOMPLISHED.**

1. Vendors are to note that carpet installations are to include the use of sufficient amounts of adhesive!
2. Vendors are to note that carpet installations are not to include excessive amounts of adhesive (to the point of adhesive appearing on the top of carpet)!
3. Vendors are to note that carpet installations are to include sufficient floor preparation to allow for good adhesion!
4. Vendors are to note that sloppy installations, of any kind, will be dealt with appropriately by the State, to the point of total replacement, fining, removal from contract and/or debarment!
5. Inspections should take place before furniture is put in place.
6. Quality Assurance Inspection may not be considered complete until CARPET REPLACEMENT FORM (see page 35) is received by Robert Matney (F-919.807.4509) Standards Engineer, Division of Purchase and Contract.

13. Instructions to Ordering Agency

**PURCHASE PROCEDURES AND CONTRACTOR'S RESPONSIBILITIES**

**\*\*\*NOTE: PURCHASE ORDERS ARE ONLY TO BE WRITTEN TO A CONTRACTOR (12 CONTRACTORS) ON THIS CONTRACT\*\*\***

The following steps are to be taken by the purchaser and the contractor in order to use this contract:

I. CARPET SELECTION

Purchaser should determine which type of carpet is most appropriate for the area to be carpeted. Purchaser may call Contractor's Representative (contact person) for assistance. NOTE: Ordering agencies should review additional brands listed on the Carpet QPL (QPL 7220-3P) that are not included herein. Established purchasing policies and procedures should be used to obtain those brands.

**NEW INFORMATION**

If applicable, the purchaser should also include in the work order the materials and labor required to provide the leading two (2) inches of all steps with a visual contrast of dark-on-light or light-on-dark from the remainder of the tread. Visual contrast is required for compliance with the ANSI A117.1 Standard for Accessible and Useable Buildings and Facilities, as referenced by the 2009 NC Building Code Chapter 11, paragraph 1101.2. Any further questions regarding the applicability of this requirement should be directed to the local building codes authority who may inspect the facility for all accessibility requirements.

II. SITE VISIT

A. Purchaser should contact contractor's contact person and arrange a mutually convenient date to visit the site. The contact person should inform purchaser of the name and telephone number of the person (Contractor's Representative or Installation Partner) who will visit the site.

**NOTE: For larger quantities of carpet, agency may choose to contact more than one contractor (from the contract) for a quote (informing each contractor that they are seeking competition within the contract and that reduced pricing is important).**

B. The date and time of the site visit should not exceed seven (7) working days after the purchaser initiates the call.

C. Purchaser should make every effort to have building floor plans or blueprints available at time of site visit.

D. Contractor's Representative or Installation Partner should visit the site of the proposed work and familiarize himself with the extent of the work to be performed and any conditions that may in any manner affect the work to be done and the equipment, materials, and labor required. Contractor's Representative or Installation partner is responsible for obtaining accurate onsite measurements for the contractor. Reviewing plans (if available) in no way relieves the contractor's representative or installation partner of this responsibility.

E. Contractor's Representatives or Installation Partners should measure the areas to be carpeted to determine the actual number of square yards required completing the installation. All services should be quoted from the Contractors Certification Pricing page. Contractor should complete the "Quotation Form" (see page 35). The "Quotation Form" (see page 35) should accompany all agency purchase orders. Using these measurements, a seam diagram should be prepared for each area to be carpeted. Excessive seaming, cross-seaming or doorway saddle seams will not be accepted. Failure to provide seaming diagrams should be interpreted as not conforming to contract conditions, and should be grounds for default. All drawings are to be of a professional nature and definitive as to allow outside review, if required for determining contractor's compliance. Not-to-scale seaming diagrams are acceptable for seaming intent if acceptable by purchaser. However, this should not relieve the Contractor's Representative or

## Term Contract No. 360A

Installation Partner of the requirements for proper seaming and installation.

- F. At the time of the site visit, the Contractor's Representative or Installation Partner should allow purchaser to select carpet color from carpet sample brochures or books.
- G. Installation of carpet should be accomplished during purchaser's business hours. However, with agreement of both parties, installation may be accomplished at night and/or on weekends, as noted on pricing pages.
- H. The Quotation Form (see page 35) should be sent to the purchaser no later than seven (7) working days after the site visit.
- I. Any installation requiring more than 5% over the actual square yardage of an area should be subject to pre-approval by the purchaser.

### III. PURCHASE ORDER PREPARATION BY PURCHASER

The purchaser should prepare their purchase order and once issued follow the installation procedures. A copy of the seam diagram and Quotation Form from contractor, should accompany each Purchase Order issued under this contract.

### IV. INSTALLATION

- A. The purchaser and Contractor's Representative or Installation Partner should agree upon an installation date and time.
- B. Contractor should place order in production after receipt of purchase order. Contractor should notify purchaser's representative (designated on purchase order) within five (5) working days of the estimated arrival date of the carpet. Delivery should be in accordance with the contract.
- C. Contractor's Representative or Installation Partner should notify purchaser's representative upon receipt of floor covering and arrange for installation.
- D. **Before installing carpet where the installer suspects or detects there is (a) asbestos tile, (b) carpet over asbestos tile, (c) asbestos in the walls or mastic behind vinyl base, the installer must contact the Agency Asbestos Coordinator (Agency Safety Officer). At that time, it will be determined if the material(s) contains asbestos. If asbestos is found, the installer cannot commence or resume work until the Asbestos Coordinator instructs the installer how to proceed.**
- E. Contractor's Representative or Installation Partner should be responsible for removing existing floor covering, unless otherwise specified. The fees for removal should be stated on the purchase order.
- F. Contractor's Representative or Installation Partner are cautioned to establish, with the owners, the existing condition of walls, doors, and other areas which might be affected by this installation in order to avoid misunderstandings with regard to damage resulting from the installation. Any damage done to paint, walls, wallpaper, woodwork, doors, etc., shall be the responsibility of the contractor.
- G. Contractor's Representative or Installation Partner should not be responsible for moving any computer equipment, electronic equipment, copiers, etc. Libraries, large file rooms, and open office furniture are beyond the normal scope of work required by this contract, and all unusually furnished areas should have furnishing removed before floor covering is scheduled to be installed, or should be negotiated on a case-by-case basis between the contractor's representative and purchaser.
- H. The Contractor's Representative or Installation Partner should contact the using agency to coordinate the scheduling, receiving, placement of carpet rolls on floors and installation of carpet. Goods should be delivered to the job site in the contractor's bundles and should be clearly marked as to size, dye lot, and materials.
- I. Contractor's Representatives and Installation Partners (and their staff) should have a form of identification on their person, from the contractor, at all times while on the job site.

## Term Contract No. 360A

- J. There should be a proper transition between existing flooring materials and the new materials installed. Where needed, exposed edges at doorways, etc., should be finished with a top quality metal strip or appropriate transition material/molding. Any base should be securely attached to the walls, and should be level and even. Where using carpet base, the base cap should be glued or nailed/screwed into the wall first, and the carpet should be cut to fit. All waste material must be removed from the premises and carpet should be clean and free of debris. Unless previous approval is obtained from the State, contractor should plan to bring his own dumpster for removal of all trash and debris. Carpet scraps and removed carpet should be held in separate unit for transportation to reclamation center for recycling. State owned building dumpsters are not to be used.
- K. Upon completion of installation, any excess materials should be turned over to the purchaser's representative at the installation site. If additional carpet or "attic stock:" is requested at placement of order, it is to be wrapped and labeled and delivered to designated location. Extra material must be wrapped in suitable packaging and must be clearly labeled. Contractor's guide to cleaning and maintenance and all warranty documents should be provided to purchaser upon completion of job.
- L. All changes or modifications to the original order should be made in writing by the contractor and approved by purchaser before any work can be executed.
- M. After the job has been completed, the Contractor's Representative or Installation Partner should follow the Pile Weight Testing and Quality Assurance Inspection procedures.
  - 1. Inspections should take place before furniture is put in place.
  - 2. Quality Assurance Inspection may not be considered complete until CARPET REPLACEMENT FORM (see page 35) is received by Robert Matney (F-919.807.4511) Standards Engineer, Division of Purchase and Contract.

### 14. Item Pricing Information

The contractors are listed on the attached pricing sheets along with all of their products. The pricing includes carpet prices, installation prices, cove molding prices and all other items that are needed for completion of installation, along with removal of carpet/disposal in accordance with bid requirements.

Pricing for any extraordinary physical circumstances within a building shall be negotiated on a case-by-case basis between the contractor and the end user.

Purchaser should determine which type of carpet is most appropriate for the area to be carpeted. Purchaser should call the Contractors Representative for assistance. Carpet Representative should make a site visit and complete a Quotation Form (see page 35) before any Order is placed with a vendor. (See Section 12. Instructions to Ordering Agency, for additional information.)

#### Order Placement Via E-Procurement (Catalog Items)

- a. Click on the following link: <http://eprocurement.nc.gov>
- b. When placing an order in the e-procurement system, the very first thing to do is to go to the catalog tab and select options. After you have selected options, select contract ID. In the contract ID space type in the contract ID number, 360A.
- c. Please make sure the keywords space is blank and the contract ID is typed in the contract ID section.
- d. After selecting the contract ID and to narrow the search to a particular manufacturer, select the manufacturer from the drop down
- e. When the item to be ordered has been located, complete the requisition and issue the purchase order.

#### Steps For Placing An Order For Additional Items:

- 1. Contact contractor's product expert to arrange a convenient date to visit the site and obtain a pricing configuration for carpet and installation options.
- 2. Provide contractor with your eRequisition number.
- 3. Contractor will email you an official configuration quote, referencing your eRequisition number, with NC pricing.
- 4. Save the official configuration quote on your computer.
- 5. Return to your saved eRequisition and select Edit.

**Term Contract No. 360A**

6. Click on "Add Items".
7. Click on the tab marked "Catalog".
8. Under Catalog locate carpet base unit.
9. Add selected carpet to eRequisition and add the color in the comments field.
10. Return to your eRequisition in E-Procurement.
11. Click Next.
12. Click on the "Create Non-Catalog Item" button.
13. In the field titled "Full Description", type in "**X order per Term Contract 360A; Vendor Quote # <enter vendor quote #>**" plus additional descriptive text.
14. In the field titled "Commodity Code", click on the +, select 360-76, 360-89, 360-07, 360-10 or 360-30.
15. In the field titled "Supplier", click on the +, select contractor.
16. In the field titled "Quantity", type in the appropriate quantity of your order.
17. In the field titled "Unit of Measure", leave the default EACH.
18. In the field titled "Price", type in the price as provided by contractor's Contract Services official configuration quote with NC pricing.
19. Complete all other appropriate information on this page and click "OK".
20. On the View Line Items page select the checkbox next to the item and click "Edit" to access the Edit Line Item page.
21. On the drop down box next to "Contract?" select "Statewide".
22. When you select "Statewide", the "Contract ID" Field appears.
23. Select "**xxx: Contract Name**" from the dropdown.
24. Complete the Shipping and Accounting areas and all other appropriate information and add comments, if necessary. Click "OK"; repeat the "Edit" steps for all State Contract line items; when completed click "Summary".
25. In the "Comments – Entire eRequisition" comments box, type in the following "See attached official configuration quote #xxxxx".
26. Click Add Attachment, browse for the saved official configuration quote on your computer, select it, and click OK.
27. Make sure the attachment name appears below the comments box.
28. Continue your order placement process and submit your eRequisition.

**2. Price Lists and Catalogs**

The successful contractor must furnish descriptive literature to any agency within seven (7) consecutive days after request of the agency. Failure to comply with these requirements may subject the contractor to removal from the contract.

**2. Contractors**

All known minority, women and disabled owned businesses, as well as disabled business enterprises and nonprofit work centers for the blind and severely disabled, including dealers, will be identified with "Minority owned" "Woman owned", "Disabled Owned", "DBE" or "BSD" as appropriate after the vendor number. This is being done in an effort to recognize these businesses and to encourage and promote their use to the greatest extent permitted by law.

When more than one supplier is listed for a particular item, selection should be made, whenever possible, from any of the group's identified above, consistent with agency needs and price considerations.

There is, however, a preference statute (G.S. 148-70) for Correction Enterprise products. For information on this preference requirement and a list of products, go to this web site <http://correctionenterprises.com/>.
