

## Term Contract No. 425E

STATE OF NORTH CAROLINA, DEPARTMENT OF ADMINISTRATION		
DIVISION OF PURCHASE AND CONTRACT		
116 West Jones Street, Raleigh, NC 27603-8002		
<b>Term Contract</b>	<b>425E</b>	<b>Furniture, Chairs, Ergonomic</b>
<b>Effective Dates</b>	December 1, 2009 through June 30, 2012	
<b>Bid Number</b>	200900493	
<b>Administrator</b>	Dorothy Shaw	
<b>Phone</b>	(919) 807-4535	
<b>Fax</b>	(919) 807-4511	
<b>E-Mail</b>	dorothy.shaw@doa.nc.gov	
<b>Last Updated</b>	November 30, 2011	

### 1. General Information

Ergonomic Chairs are listed under four (4) categories within this contract. Category I Chairs are Regular Size with Metal Base and Category II Chairs are Large Size, Heavy Duty with Metal Base. Category III Chairs are Regular Size with Plastic Base and Category IV Chairs are Large Size, Heavy Duty with Plastic Base. A more detailed explanation of the four (4) categories can be viewed when referring to Qualified Products List for Ergonomic Seating, 7110-5. To refer to this QPL visit our home page at [www.pandc.nc.gov](http://www.pandc.nc.gov)

Chairs provided under this contract are to be furnished and delivered (completely assembled), ready for use. Any additional options desired by the using agency (example: Unpacking, Setting In Place and Demonstration of the Chair at the Using Agency's site, etc.) must be clearly specified on the purchase order. Please refer to Paragraph 7 – Delivery – for detailed options.

**Recycling/Sustainability:** According to NC General Statute 143—58.2, "IT IS THE POLICY OF THIS STATE TO ENCOURAGE AND PROMOTE THE PURCHASE OF PRODUCTS WITH RECYCLED CONTENT". Listed below is a description of how the recycled content comes into play for Chairs, Ergonomic:

Fabric, Chair Cushions	Contains up to 100% post consumer recycled content
	Approximately 40% total recycled content.
Packaging	Contains up to 100% recycled materials.
	100% recyclable after use.

**California Technical Bulletin Number 133 (Cal 133):** Cal 133 Standard is a flammability requirement established by the State of California for upholstered furniture that is used in public occupancies such as jails, prisons, nursing care homes, health care facilities, public auditoriums, hotels, and motels. Furniture meeting this requirement is made of, or has been treated with, fire retardant materials that will inhibit combustion. This is a requirement of the State of California only. Users who have applications for chairs in such facilities as outlined above may consider purchasing chairs that comply with the Cal 133 standard OR one of these compliance offers: A) UFAC Voluntary Action Program 9; B) New York Ports Authority Flammability Regulations or C) Boston Fire Code. Bidders are required to designate their standard and furnish certification of compliance of flammability to this Division when requested.

### 2. Scope of Contract

The scope of this Term Contract is limited to Ergonomic Chairs most frequently purchased for State Agencies, Departments, Institutions of Higher Learning, Universities, Community Colleges, Public School Units (except those exempted by statute), and certain Non-State Agencies. The contract includes basic ergonomic chairs, plus the accessories that are typically associated with an ergonomic chair. Ergonomic Chairs are characterized by the multiple comfort adjustments it provides. The adjustments serve to minimize the adverse effects on the body from sitting for long periods of time.

### 3. Taxes

Prices or Discounts shown herein do not include any North Carolina sales or use taxes.

#### 4. Abnormal Quantities

Any agency requirement that exceeds \$60,000.00 must be forwarded to the Division of Purchase and Contract for processing. The Division, at its sole discretion, may process any such requirement in one of the following ways:

1. Purchase may be authorized at the current level of pricing with the current contract vendor(s)
2. Additional discounts from the current level of pricing may be negotiated with the current contract vendor(s)
3. A separate Invitation for Bids may be issued for the requirement

#### 5. Minimum Orders

There are no minimum order requirements for this contract.

#### 6. Placement of Orders

Orders will be placed throughout the contract period on an as-needed basis for the quantity required at the time, and will be issued directly to the respective AUTHORIZED DEALER. Authorized dealers are required to provide the using agency with all information pertinent to the placement of and payment for orders.

Authorized Dealers identified herein shall provide services, which include but may not be limited to the following:

- Calling on agencies to discuss their requirements
- Consulting with agencies in the selection of styles, colors, and fabrics
- Making any recommendations which may be helpful to the agency

Contract changes, if any, over the life of the contract are implemented by contract addenda released by the Contract Administrator to the contractor. If the contractor is accepting orders and/or delivering through other parties, for example a manufacturer accepting orders and delivering through a dealer network or dealers receiving orders through a network of other dealers, then it is the responsibility of the contractor to apprise such parties of all such contract addenda.

#### 7. Delivery

**Delivery:** Chairs provided under this contract are to be furnished and delivered (completely assembled), ready for use.

**Optional/Additional Delivery Charges:** The following optional/additional delivery charges are provided for Unpacking, Setting In Place and Demonstration of the Chair at the Using Agency's site. Charges (if applicable) are indicated in the chart below. These charges are in addition to FOB any North Carolina destination with transportation charges included.

Contractor/Manufacturer	Delivery	Optional/Additional Delivery Charges		
		1-Chair	2-5 Chairs	Over 5 Chairs

22.	Category IV, Plastic Base, Large Size, Heavy Duty, Type II, Class 2, Size 3	Manager Executive Chair, Plastic Base, Synchronized Seat and Back Movement, Spring/Tension Seat and Back Operation

**9. A. Category I – Regular Size Chairs, Metal Base**

<b>TYPE I</b>	<b>INDEPENDENTLY ADJUSTABLE SEAT PITCH AND BACK POSITION</b>
Chair Features	The seat is adjustable independently of the back and can be locked into any pitch angle from minus 3 degrees (forward) to 7 degrees (backward). The backrest can be adjusted independently of the seat and can be locked into the desired tilt angle or allowed to “free float”, i.e. the backrest moves freely and maintains contact with the occupant’s back while the seat is locked into the desired pitch angle. The backrest can be adjusted up or down to provide support in the lumbar area of the occupant’s back. The seat height can be adjusted through a minimum range of 16” to 20.5”. All of the manufacturer’s options for this chair are available. All Type I chairs are to be furnished with metal bases.
Intended Use	This chair is intended for use by persons assigned to “heavy” VDT workloads (more than 4 hours per day) or “moderate” VDT workloads (2 to 4 hours per day). This type chair is also appropriate for most general deskwork whether or not the work involves the use of a VDT. This chair should be purchased with the adjustable height arm option.
<b>TYPE II</b>	<b>SYNCHRONIZED SEAT AND BACK MOVEMENT</b>
Chair Features	When in the “unlocked” or “free float” mode, the seat and backrest move in synchronization. The backrest tilts approximately 2 degrees for each 1 degree that the seat tilts. The seat pitch and back tilt cannot be adjusted independently of each other. The seat and back may be “locked” into a stationary position at the desired angle. Some manufacturers may provide a back height adjustment although it is not required. The seat height can be adjusted through a minimum range of 16” to 20.5”. All of the manufacturer’s options for this chair are available. All Type II chairs are to be furnished with metal bases
Intended Use	This chair is intended for use by persons assigned to managerial or supervisory activities
<b>CLASSES OF CHAIRS</b>	The class of chair relates only to the type of mechanism used to perform the seat pitch and back tilt functions. All classes of chairs perform exactly the same functions, but with different mechanisms.
	Class 1 – Pneumatic Seat and Back Operation Class 2 – Spring/Tension Seat and Back Operation

**TYPE I**                      **Independently Adjustable Seat Pitch and Back Position**

**9.C. Category III – Regular Size Chairs, Plastic Base**

<b>TYPE I</b>	<b>INDEPENDENTLY ADJUSTABLE SEAT PITCH AND BACK POSITION.</b>
Chair Features	The seat is adjustable independently of the back and can be locked into any pitch angle from minus 3 degrees (forward) to 7 degrees (backward). The backrest can be adjusted independently of the seat and can be locked into the desired tilt angle or allowed to “free float”, i.e. the backrest moves freely and maintains contact with the occupant’s back while the seat is locked into the desired pitch angle. The backrest can be adjusted up or down to provide support in the lumbar area of the occupant’s back. The seat height can be adjusted through a minimum range of 16” to 20.5”. All of the manufacturer’s options for this chair are available. All Type I chairs are to be furnished with metal bases.
Intended Use	This chair is intended for use by persons assigned to “heavy” VDT workloads (more than 4 hours per day) or “moderate” VDT workloads (2 to 4 hours per day). This type chair is also appropriate for most general deskwork whether or not the work involves the use of a VDT. This chair should be purchased with the adjustable height arm option.
<b>TYPE II</b>	<b>SYNCHRONIZED SEAT AND BACK MOVEMENT</b>
Chair Features	When in the “unlocked” or “free float” mode, the seat and backrest move in synchronization. The backrest tilts approximately 2 degrees for each 1degree that the seat tilts. The seat pitch and back tilt cannot be adjusted independently of each other. The seat and back may be “locked” into a stationary position at the desired angle. Some manufacturers may provide a back height adjustment although it is not required. The seat height can be adjusted through a minimum range of 16” to 20.5”. All of the manufacturer’s options for this chair are available. All Type II chairs are to be furnished with metal bases
Intended Use	This chair is intended for use by persons assigned to managerial or supervisory activities
<b>CLASSES OF CHAIRS</b>	The class of chair relates only to the type of mechanism used to perform the seat pitch and back tilt functions. All classes of chairs perform exactly the same functions, but with different mechanisms.
	Class 1 – Pneumatic Seat and Back Operation Class 2 – Spring/Tension Seat and Back Operation

**Term Contract No. 425E**

## 10. Price Lists and Catalogs

The successful contractor must furnish descriptive literature to any agency within seven (7) consecutive days after request of the agency. Failure to comply with these requirements may subject the contractor to removal from the contract.

## 11. Contractors

All known minority, women and disabled owned businesses, as well as disabled business enterprises and nonprofit work centers for the blind and severely disabled, including dealers, will be identified with "Minority owned" "Woman owned", "Disabled Owned", "DBE" or "BSD" as appropriate after the vendor number. This is being done in an effort to recognize these businesses and to encourage and promote their use to the greatest extent permitted by law.

When more than one supplier is listed for a particular item, selection should be made, whenever possible, from any of the groups identified above, consistent with agency needs and price considerations.

There is, however, a preference statute (G.S. 148-70) for Correction Enterprise products. For information on this preference requirement and a list of products, [click here](#).

## 12. Warranty

Chairs furnished under this Qualified Products List shall be new and shall be guaranteed against defects in materials, workmanship, and performance in accordance with the manufacturer's standard warranty, except that in no event shall such coverage be for less than five (5) years for parts and three (3) years for upholstery materials. Warranty coverage shall begin on the date of delivery to the ordering agency. Warranty service shall be available on site at any location within the State of North Carolina, and defective units shall be repaired or replaced during the warranty period at no cost to the owner or his representative.

## 13. Substitutions

**Term Contract No. 425E**

Substitutions are not permitted without prior approval of the Division of Purchase and Contract. Failure of the contractor to comply with this requirement may result in the removal of the contractor from the contract.
