	Price List			

**20. Price Lists and Catalogs**

Pricing and product descriptions can be viewed in the North Carolina E-Procurement System. Vendors are to provide the price list and descriptive literature to any ordering agency at no charge.

**21. Contractors**

All known minority, physically handicapped or women contractors, including dealers, will be identified with an “M”, “H” or “W” as appropriate after their vendor number. This is being done in an effort to better recognize businesses owned and operated by these groups and to encourage and promote their use to the greatest extent permitted by law.

When more than one supplier is listed for a particular item, selection should be made whenever possible from any minorities, physically handicapped or women identified, consistent with agency needs and price.
