

**QUALIFIED PRODUCTS LIST
FOR
ERGONOMIC CHAIRS**

(This Qualified Products List is released for procurement purposes until revised or rescinded.)

SCOPE

This QPL covers Ergonomic Chairs for use by state agencies and institutions. Ergonomic Chairs are characterized by multiple adjustments and ease of these adjustments to the particular needs of the occupants in the work environment.

I. GENERAL

All products listed on this QPL shall conform to all of the requirements of NC Specification 7110-5, latest edition. All chairs offered herein shall be equipped with a metal base or structural plastic base.

Listing of the product is not intended to and does not connote endorsement of the product by the State. The list is intended for use in procurement of pre-approved Ergonomic Chairs. Use for any other purpose is not intended, and use for promotional purposes is specifically prohibited.

This listing does not constitute a formal contract with the manufacturers listed herein, but lists only those products meeting requirements.

Manufacturer's changes in specifications: Any changes in specifications of the listed items shall be reported to this office in writing within five (5) working days after the change is implemented. The acceptability or lack thereof of the revised product will be made at the sole determination of the State. Failure to properly report changes in specifications in accordance with the above may result in removal of the item from this list.

Manufacturer's change in product identifier only: Any change in the product identifier of a listed item, where no change in manufacturer's specifications has occurred, shall be reported to this office in writing within five (5) working days after the change is implemented. The State reserves the right to investigate the circumstances and to subsequently accept or reject the product, whichever the State in its sole judgment deems appropriate. Failure of bidder to properly report changes in product identification in accordance with the above may result in removal of the item from this list.

Discrepancies in product identifiers: In instances where the manufacturer's product identifier and the identifier listed in the QPL differ, the State reserves the right to investigate the circumstances and to subsequently accept or reject the product in question, whichever the State in its sole judgment deems appropriate.

Model Numbers: "x" found at the end of some model numbers indicates the product listed has multiple numbers, based on options supplied by the manufacturer, and their current catalog should be consulted prior to procurement.

IV. WARRANTY

Chairs furnished under this Qualified Products List shall be new and shall be guaranteed against defects in materials, workmanship, and performance in accordance with the manufacturer's standard warranty, except that in no event shall such coverage be for less than five (5) years for parts and three (3) years for upholstery materials. Warranty coverage shall begin on the date of delivery to the ordering agency. Warranty service shall be available on site at any location within the State of North Carolina, and defective units shall be repaired or replaced during the warranty period at no cost to the owner or his representative.

VII. NEW LISTINGS

Approximately six months prior to expiration of the contract a request notice will be emailed to all currently registered suppliers providing an opportunity to submit new products to this listing. At that time, this listing will be purged and the amount of new items added will be restricted based on a function of previous sales data and end user demands.
